

THE TEXAS A&M UNIVERSITY SYSTEM

System Risk Management

October 13, 2008

To Whom It May Concern:

Texas Forest Service has requested we provide you with information regarding the insurance provisions of The Texas A&M University System.

The Texas A&M University System is self-insured for Workers' Compensation Insurance provided by Chapter 502 of the Texas Labor Code. Benefits are provided in accordance with the provisions of that law.

The Texas A&M University System is insured under a commercial automobile liability policy with a bodily injury limit of \$250,000 for each person, \$500,000 for each accident and a property damage limit of \$100,000 each accident for all owned vehicles.

The liability of The Texas A&M University System for personal injury and property damage is controlled by the Texas Tort Claims Act, V.T.C.A. Civil Practice and Remedies Code, Chapter 101, Section 101.021. The limits of liability are \$250,000 for each person, \$500,000 for each single occurrence for bodily injury or death and \$100,000 for each single occurrence for injury to or destruction of property. Following this limited exposure, the System as a state agency, is protected by the doctrine of sovereign immunity, and as such, is self-insured up to the aforementioned limits.

We trust the above information will provide the necessary insurance information needed by your organization. If we can be of any further assistance, please let us know.

Sincerely,

Henry D. Judah, CPCU CLU ChFC
Risk Manager
