Travis,

We will still honor the price of \$37,245 including shipping charges for the system for you guys.

There was a cost increase on some items but we can live with it this time, maybe they should buy 2 or 3 systems before the price goes up, just kidding.

Have a great day,  
Regards,

Terry Davis

Terry,

Almost a year ago, you bid \$37,245 including shipping, on IFB-24-014 for a Micromotion Proportioning System. Our aviation team are looking to buy another one. Is that price still good? I completely understand if it isn't. If you have to quote me a higher price, I will need to post it for bid again to accept the higher quote. Not a big deal.

Mr. Travis Lull,

"MMCI" Meter Maintenance & Controls, Inc. is pleased to present our proposal for your consideration for IFB-24-014.

Attached is the completed ESBD file, our formal quotation and our drawing of the mass last flow meter system that we had provided to Texas A&M Forest Service the last time.

Thank you,

Terry Davis
