Furthermore, a Party shall immediately inform the other Party of any issues in complying with the above regulations, including any relevant activities by third parties. Each Party shall comply with reasonable requests for information by the other Party concerning compliance with the above obligations. Failure to meet these compliance requirements or the failure of the other Party to cooperate in these efforts shall constitute a material breach of this Agreement and a Party shall be entitled to seek all remedies available at law and in equity against the other Party including but not limited to termination of this.
- b. **Government Authorization.** The Parties agree to cooperate to obtain any government authorizations that may be required for the products, services and/or information provided pursuant to this Agreement. Either Party shall be entitled to terminate this Agreement if unable to secure such authorizations and Seller shall be excused from the obligation to deliver the Aircraft and Purchaser shall be excused from any remaining payments (including Milestone payments) per applicable Delivery Order form, and Seller shall return any payment made by Purchaser for Aircraft not delivered. The Parties shall not be liable to each other for any loss, cost or expense arising from such termination or non-delivery (including any actual, consequential or other damages of any kind whatsoever).
- c. **End-Use/User Confirmation.** Purchaser shall submit a completed Appendix 5, END-USE and END-USER STATEMENT ("End-Use Form") at least six (6) months prior to the first calendar day of the Inspection Month. If the date on this Agreement

is within six (6) months of the Delivery Month as specified in Appendix 3, Purchaser shall submit the completed End-Use Form within fourteen (14) calendar days of signature of this Agreement. This End-Use Form must identify the intended (i) end-user of the aircraft (name and address); (ii) end-use of the aircraft; and (iii) country(s) where aircraft will be registered and operated. Purchaser shall submit updated End-Use Forms should such information change prior to final delivery. Purchaser acknowledges that failure to provide or update this information in a timely manner may result in delays at the sole discretion of Seller.

ARTICLE 14: LIMITATION OF LIABILITY. IN NO EVENT SHALL EITHER PARTY BE LIABLE UNDER THIS AGREEMENT PURSUANT TO ANY CONTRACT, NEGLIGENCE, STRICT LIABILITY, TORT, OR OTHER LEGAL OR EQUITABLE THEORY FOR ANY INCIDENTAL, SPECIAL, CONSEQUENTIAL AND/OR PUNITIVE DAMAGES OF ANY NATURE WHATSOEVER, ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT, EVEN IF SUCH PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THE PARTIES ACKNOWLEDGE AND AGREE THAT THE LIMITATIONS OF LIABILITY SET FORTH IN THIS AGREEMENT REFLECT AN ALLOCATION OF RISK SET FORTH IN THIS AGREEMENT AND THAT, IN THE ABSENCE OF SUCH LIMITATIONS, THE TERMS OF THIS AGREEMENT WOULD BE SUBSTANTIALLY DIFFERENT.

ARTICLE 15: SEVERABILITY AND WAIVER. If any provision of this Agreement is or becomes null or unenforceable by force of law, the other provisions shall remain valid and enforceable. Waiver of one provision by either Party shall not act as waiver of any other provision.

ARTICLE 16: OUTSIDE COMPLETION SUPPORT. Purchaser acknowledges and agrees that if it decides to use a customizing vendor, Seller has no responsibility for providing any documentation or Seller data to Purchaser or Purchaser's designated customizing vendor to support any outside completion support not included as part of this Agreement and that any delays or costs that result from such support shall be the sole responsibility of Purchaser and its designated customizing vendor.

ARTICLE 17: NOTICES. Notices required under this Agreement shall be in writing and sent by electronic mail to the respective Parties, or by courier registered mail to the addresses set forth in the first paragraph of this Agreement unless otherwise specified by the Parties in writing. All notices delivered hereunder shall be deemed given on the date they are transmitted or placed in the hands of the post or courier for delivery as appropriate.

ARTICLE 18: ENTIRE AGREEMENT AND ORDER OF PRECEDENCE. This Agreement, together with the Appendices attached hereto and any Delivery Order executed pursuant to this Agreement and any Purchaser signed interior or exterior renderings, constitute the entire agreement between the Parties with respect to the subject matter hereof and supersede all prior written or oral agreements, representations, negotiations, proposals or discussions between the Parties with respect to the subject matter hereof. No modification or supplement hereto shall be effective unless in writing as an amendment to this Agreement and signed by authorized representatives of both Parties. In the event of any inconsistency between the provisions of this Agreement and any Appendix, such inconsistency shall be resolved by giving precedence to (1) this Agreement including Appendices and any amendments to the Agreement and (2) any interior or exterior renderings signed by the Purchaser and any Delivery Order executed pursuant to this Agreement.

User may request that Seller erase that data or cease processing it, subject to certain exceptions which are in accordance with applicable law.. User may also request that Seller cease using User's data for direct marketing purposes. As business changes, this Privacy Notice is expected to change from time to time, and Seller reserves the right to change it at any time. The use of your information is subject to the Privacy Notice in effect at the time of use. The provisions contained herein supersede all previous notices or statements regarding Seller's privacy practices. We may email periodic reminders of Seller notices and terms and conditions and post any changes to the Privacy Notice on Seller's website. User is encouraged to check Seller's website frequently to see the current Privacy Policy and Terms of Use in effect and any changes that may have been made to them.

Within thirty (30) days of the expiration or termination of this Agreement or Delivery Order, Seller, as directed by a Purchaser, shall return in acceptable electronic format all Personal Data and Customer Data in its possession (or in the possession of any of its subcontractors or agents) to such Purchaser or, at the Purchaser's option, delete all such Personal Data and Customer Data, if

return is not feasible. Seller shall provide the Purchaser with at least ten (10) days' written notice of Seller's intent to delete such Personal and Customer Data and shall confirm such deletion in writing.

ARTICLE 20: EFFECTIVE DATE. This Agreement shall not become a binding effective contract until execution by Purchaser and Seller through Seller's duly authorized representative in Fort Worth, Texas (hereinafter "Effective Date"). Until this Agreement becomes a binding effective contract upon Seller, the Aircraft may be sold to another customer, and the price, delivery date, options to purchase additional aircraft and other terms and conditions of the Agreement are subject to change. By signing below, the signatories to this Agreement verify that they have read the complete Agreement and understand its contents and have full authority to bind and hereby do bind their respective Parties.

ARTICLE 21: OPTION CLAUSE.

Under this Agreement, the Purchaser may elect to exercise its options (individually, "Option" or collectively, "Options") to purchase additional Aircraft (beyond the initial two) ("Option Helicopters") in the configuration and purchase prices ("Option Prices") set forth in Appendix 2 under a written Delivery Order to this Agreement. Each Option grants Purchaser the right to purchase only a single Option Helicopter corresponding to the schedules reflected in Appendix 2 and 3.

Changes to the configuration of the Option Helicopters will affect the Option Prices and delivery schedule. All additional products (kits, customizing, spares) and services (training, delivery) to be added by Delivery Order to the Option Helicopter shall be quoted and contracted at the Bell list price of the delivery year, except for prices currently set forth in Appendix 2.

The Option Exercise Date(s) for the Option Helicopters is set forth in Appendix 3, after which the Option expires. Exercising an Option prior to the Option Exercise Date does not provide Purchaser with an earlier delivery date than the Aircraft Delivery Dates set forth in Appendix 3.

If the Purchaser exercises an Option, the Seller shall have the Option Helicopter(s) available for inspection and acceptance as per the schedule to be defined in the Delivery Order. All terms of this Agreement are applicable to any Delivery Order issued under the Agreement and will apply to the sale of any Option Helicopter.

ARTICLE 23: TERM OF THE AGREEMENT. Upon the Effective Date as stated in Article 21, this Agreement shall remain in effect until December 31, 2030.

APPENDIX 4
NEW HELICOPTER WARRANTY
THREE YEARS/1,000 HOURS WARRANTY

Seller warrants each new helicopter to be free from defect in material or workmanship under normal use and service for 1,000 hours of operation or three (3) years from acceptance, whichever occurs first. Spare parts installed as warranty replacement on helicopters which are covered by this New Helicopter Warranty will only be warranted for the balance of the original aircraft warranty. Seller assigns each manufacturer's warranty to Buyer to the extent such manufacturer's warranty exists and is assignable.

In addition, during the first year or within 1,000 hours of total aircraft time, whichever occurs first, the Seller shall reimburse Buyer at a regional labor rate, as determined solely by Seller, for reasonable actual labor costs incurred directly related to removal and reinstallation of parts determined to be defective. Seller shall not reimburse labor costs incurred for any other activity, such as troubleshooting, inspection, testing or similar activities; any reimbursement amount issued in accordance with this warranty shall be in Seller's sole discretion. Seller shall not reimburse any labor costs (1) which it does not deem to be reasonable, (2) which it does not deem directly related to removal and reinstallation, or (3) for buyer furnished equipment or equipment manufactured by other (e.g. STC).

Seller shall also reimburse reasonable freight charges, excluding insurance, customs fees, duties/tariffs, handling fees, and taxes, whereas, the Buyer must ship as instructed in the Bell Textron Inc. www.routingguides.com. Should these instructions not be followed and Bell incurs a tariff, Purchaser is responsible for those costs. Seller shall not reimburse Buyer for any parts repaired or replaced outside of the Seller's Warranty Claims Process unless express prior written authorization is granted by Seller's Warranty Department to Buyer for such repair or replacement.

Parts, components and assemblies of all helicopter parts may have been restored or reworked due to marks, blemishes, dents or other irregularities during the manufacturing process. Such restoration and/or rework are permitted under Seller's approved manufacturing and engineering processes and guidelines. The restoration and/or rework so completed do not render such items defective in material or workmanship.

Seller's sole obligation under this warranty is limited to the repair or replacement of parts which are determined to Seller's reasonable satisfaction to have been defective within the applicable warranty period as described above. Replacement of parts may be either new or reconditioned at Seller's election and at the lowest allowable maintenance level contained in Seller's manuals, service bulletins or applicable Supplier manuals.

NO FAULT FOUND: In the event Seller determines, after evaluation of a returned part, that a defect does not exist, then Buyer shall pay all expenses incurred by Seller related to the return including, but not limited to, costs incurred in shipping, evaluating the part, cost for any replacement part and restocking of the part which is a minimum of \$300.00USD and up to fifteen percent (15%) list price of the part, as well as any No Fault Found fees incurred by Seller. In addition, Seller shall not reimburse Buyer for any costs related to the removal or reinstallation of such a part.

SELLER'S WARRANTY CLAIM PROCESS: Defective parts must be reported in writing to the Seller's Warranty Administration within thirty (30) days of being found defective. Parts may be repaired or replaced with new or reconditioned parts, at Seller's election. Warranty adjustment is contingent upon the Buyer complying with the Seller's Warranty Process and with the Seller's Warranty Administration disposition instructions for defective parts. Failure to properly comply with Seller's Warranty Process may, at Seller's sole option, void Seller's warranty as to the allegedly defective part.

RETURN SHIPMENT: Defective parts returned to Seller will be eligible for remedy under this warranty only if the part is carefully packed by the Buyer for the return shipment. Damage occurring to a part due to improper packaging may result in the denial of a warranty claim. In the event that Seller determines a returned part to be damaged or unsalvageable due to improper packaging, the Buyer will be billed repair or replacement cost incurred by Seller. The party initiating shipment bears the risk of loss or damage to parts in transit.

CORE RETURNS: Per Seller's determination that a core return is required for which Seller has furnished a replacement part through the Warranty Process, the core shall be shipped by Buyer, with all historical service records, to a facility designated by Seller, within thirty (30) days of shipment by Seller of the replacement part. Buyer shall provide Seller with proof of shipment within thirty (30) days following shipment of the replacement part. In the event that Buyer fails to provide Seller with such proof of shipment within the thirty (30) days, fails to provide the applicable historical service records or provide the correct RMA, Buyer shall be charged the invoiced value of the replacement part. If the Buyer returns the core, and provides the historical records and the RMA after the 31st day, the Buyer will be credited the invoiced amount upon receipt of the core minus a restocking fee minimum of \$300.00 USD or up to fifteen percent (15%), per item, of the then standard list price of the material provided if Historical Records are not provided and can be recreated by Seller, a debit of \$500.00 USD per item will be made to Buyer's account.

WARRANTY AND LIABILITY DISCLAIMERS AND EXCLUSIONS: THIS WARRANTY IS GIVEN AND ACCEPTED IN PLACE OF (i) ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OR CONDITIONS OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE AND (ii) ANY OBLIGATION, LIABILITY, RIGHT, CLAIM OR REMEDY IN CONTRACT OR IN TORT, INCLUDING PRODUCT LIABILITIES BASED UPON STRICT LIABILITY, NEGLIGENCE, OR IMPLIED WARRANTY IN LAW.

This warranty is the only warranty made by Seller. The Buyer's sole remedy for a breach of this warranty or any defect in a part is the repair or replacement of the helicopter part, reimbursement of reasonable freight charges, and reimbursement of reasonable labor costs directly related to removal and reinstallation as provided herein. Seller excludes liability, whether as a result of a breach of contract or warranty, negligence or strict product liability, for incidental or consequential damages, including without limitation, damage to the helicopter or other property, costs and expenses resulting from required changes or modifications to helicopter components and assemblies, changes in retirement lives and overhaul periods, local customs fees and taxes, and costs or expenses for commercial losses or lost profits due to loss of use or grounding of helicopters or otherwise.

Seller makes no warranty and disclaims all liability in contract or in tort, including, without limitation, negligence and strict tort liability, with respect to work performed by third parties at Buyer's request and with respect to engines, engine accessories, batteries, paint, radios, any and all customizing equipment, and Buyer furnished equipment or equipment manufactured by others (e.g. STC kits) and installed at Buyer's request.

Seller makes no warranty and disclaims all liability with respect to components or parts damaged by, or worn due to, normal wear and tear, erosion or corrosion.

Seller makes no warranty and disclaims all liability for consumables which are defined as items required for normal and routine maintenance or replaced at scheduled intervals shorter than the warranty period. "Consumables" include but are not limited to engine and hydraulic oil, oil filters, packings and o-rings, anti-corrosion and/or sealing compounds, brush plating material, nuts, bolts, washers, screws, fluids, compounds, and standard aircraft hardware that is readily available to aircraft operators from sources other than Seller.

This warranty shall not apply to any helicopter part which has been repaired or altered outside Seller's factory in any way so as, in Seller's sole judgment, to affect its stability, safety or reliability. This warranty shall not apply to any helicopter part which has been subject to misuse, negligence or accident, or which has been installed in any aircraft which has been destroyed. Repairs and alterations which use or incorporate parts and components other than genuine Bell parts or parts approved by Bell for direct acquisition from sources other than Bell itself are not warranted by Bell, and this warranty shall be void to the extent that such repairs and alterations, in Seller's sole judgment, affect the stability, safety or reliability of the helicopter or any part thereof, or damage genuine Bell or Bell-approved parts. No person, corporation or organization, including Bell Authorized Customer Service Facilities, is authorized by Seller to assume for it any other liability in connection with the sale of its helicopters and parts.

NO STATEMENT, WHETHER WRITTEN OR ORAL, MADE BY ANY PERSON, CORPORATION OR ORGANIZATION, INCLUDING BELL AUTHORIZED CUSTOMER SERVICE FACILITIES, MAY BE TAKEN AS A WARRANTY NOR WILL IT BIND SELLER.

CHOICE OF LAW AND JURISDICTION: This warranty shall be interpreted under and governed by the laws of the State of Texas. All legal actions based upon claims or disputes pertaining to or involving this warranty including, but not limited to, Seller's denial of any claim or portion thereof under this warranty, must be filed in the courts of general jurisdiction of Tarrant County, Texas or in the United States District Court for the Northern District of Texas, Ft. Worth Division located in Ft. Worth, Tarrant County, Texas. In the event that Buyer files such an action in either of the court systems identified above, and a final judgment in Seller's favor is rendered by such court, then Buyer shall indemnify Seller for all costs, expenses and attorneys' fees incurred by Seller in defense of such claims. In the event Buyer files such a legal action in a court other than those specified, and Seller successfully obtains dismissal of that action or transfer thereof to the above described court systems, then Buyer shall indemnify Seller for all costs, expenses and attorneys' fees incurred by Seller in obtaining such dismissal or transfer.
